Sindh HEC's Research & Technology Showcase 2022

Sindh HEC in collaboration with NED University of engineering and technology have organized Sindh HEC's Research & Technology Showcase 2022, featuring the indigenously developed technologies of fast-rising higher education institutes of Sindh to the relevant industries, government bodies, R&D organizations, alumni, community etc., for the advancement of research and commercialization culture to facilitate the industry-academia collaboration and development. In this event various Universities have participated and present their remarkable level research products / technologies which were developed by the faculty and researchers from their state-of-the-art Research Centers and Labs.

The students of the University of Sufism and Modern Sciences, Bhitshah presented their projects and visited various stalls which were represented by different universities and have experienced recent Trends in technology and other areas as well. By the visiting various stalls the students have collaborate with the project presenters and share their ideas with them.
